**Purpose of Meeting:**

The purpose of this meeting is to bring together oil spill response personnel, state and federal responders and other parties familiar with local conditions to review and develop oil spill response tactics for the 72 high priority sensitive area sites selected for GRS development in the Bristol Bay and Western Alaska Subareas.

**Background**

The GRS workgroup has nominated 72 sites throughout the 2 Subareas.

The draft GRS documents are available for review on the project's workgroup pages under the meeting announcement. Please review these prior to the meeting at
